

Tel Aviv Center for Light Matter Interaction
Tel Aviv University

Special LMI seminar

Tuesday, January 31st

16:00-18:00

Auditorium 001, Broadcom Building,
Faculty of Engineering, Tel-Aviv University

Light refreshments and drinks will be served at 15:30

Greetings and toast at 16:00

Dinner will be served at 18:00

Contributed talks by:

Dr. Itai Epstein

School of Electrical Engineering, Faculty of
Engineering, Tel Aviv University

“Polaritonic Phenomena in 2D Materials”

Prof. Moshe Tur

School of Electrical Engineering, Faculty of
Engineering, Tel Aviv University

“On interesting optical beams”

Prof. Peter Hommelhoff

Department of Physics, Friedrich-Alexander-
Universität, Erlangen, Germany

“Advancing the symbiose of artfully
designed light fields and electrons”
