

The Center for
Light Matter Interaction
Tel Aviv University

LMI Student Seminar:

Direct generation of spatially entangled qubits using quantum nonlinear optical holography

Ofir Yesharim

School of Electrical Engineering (Prof. Ady Arie lab)
Tel-Aviv University

Simulating Variation of Coherent Errors on Quantum Surface Code using Tensor Networks

Ron Cohen

Faculty of Exact Science, (Prof. Haim Suchowski lab)
Tel-Aviv University

Wednesday December 7th, 2022

13:00-14:00

Light refreshments and drinks will be served at 12:30

**Auditorium 011, Engineering Classroom
Building, Faculty of Engineering, Tel-Aviv
University**
